### **Stock Exchange Listing**

The Company's new listing on the NYSE Euronext (Alternext) board is progressing on course. Questions have arisen from some shareholders on procedural matters concerning their shares and share certificates. Shareholders are advised that no alteration or replacement of your existing share certificate/s is necessary. Your current share certificate is valid. You do not need to do anything.

### **Share Registry**

The Company's share registry acts independently from the Company in the interests of shareholder security and transparency. The Company's share registry and stock transfer agent is

Florida Atlantic Stock Transfer Inc

### **IPO**

As announced last month, your company is moving forward towards an IPO in Europe which we anticipate will be offered at approximately Euros €2. The Alternext listing will obviate the effects of Regulation S for non US shareholders trading their shares outside the US. An IPO will provide stimulus and liquidity for your stock and provide funds for the Company's exploration and acquisition programme.
